**EMERSON**

# TILO COLLECTION

With its round lines and curved plywood blades, the Tilo ceiling fan is a statement piece for any setting. A cleanly designed housing in Brushed Steel is adorned with three matching blades creating a beautifully streamlined ceiling fan. This versatile fan offers a dual-mount feature, which allows close-to-ceiling installation for low ceilings or standard downrod installation. For easy fan control without the visual distraction of pull chains, the Tilo ceiling fan comes with a 4 speed sliding wall control. The Tilo is also adaptable to an accessory light fixture, designed specifically for this fan. Tilo's Brushed Steel finish is suitable for indoor and damp locations.

# INDUSTRIAL COLLECTION

**Product No: E-HF1160WW**

**Product No: E-HF1160BS**

A large room ceiling fan designed to move air efficiently in large rooms such as a spacious master bedroom, open game room, large living room, or a room with high ceilings. Industrial fans improve workers comfort year-round, these fans can help reduce fuel usage by recirculating trapped ceiling heat back down to floor areas. The contoured blades provide maximum airflow compared to standard paddle-type blades. Recommended for commercial and residential location. Best usage is when blades are installed at least ten feet above the floor.
